Resolution is so weird. 1200x600, 600x300.
Game is randomly generated endless runner.
Watch the puppies die over and over.
Then they come back to life like the goodest of boys.
I sort of like it, but it needs a lot of work before release.

<https://youtu.be/BVsmOZ0vuUU>. it has cute doggos. what else should I ask for?
